Calendar or fiscal accounting year is the same accounting period upon which the taxpayer is required to report to the United States Treasury Department for Federal Income Tax purposes. Please note the ending month of the accounting period for Federal returns and New Jersey returns must match, however, the tax return year for the Federal and State returns may differ. (i.e. A taxable year ending 8/31/95 may be filed on a 1994 Federal 1120; the same taxable year must be filed on a 1995 NJ CBT-100.) All accounting periods must end on the last day of the month, except that taxpayers may use the same 52-53 week accounting year that is used for Federal Income Tax purposes, see N.J.A.C. 18:7-2.3.

Do not alter the year appearing in the upper left hand corner or the taxable year caption on page 1 of the CBT-100. Changing the above information will delay the processing of your return. If returns are required for a different year, please refer to the forms ordering instructions on page 8 of this booklet.

# (b) NEW CORPORATIONS:

- (1) Every New Jersey corporation acquires a taxable status beginning 1) on the date of its incorporation, or 2) on the first day of the month following its incorporation if so stated in its certificate of incorporation. A tax return must be filed for each fiscal period, or part thereof, beginning on the date the corporation acquired a taxable status in New Jersey regardless of whether it had any assets or conducted any business activities. No return may cover a period exceeding twelve (12) months, even by a day. Every corporation which incorporates, qualifies or otherwise acquires a taxable status in New Jersey must file a Corporation Business Tax Return.
- (2) Every corporation that elects to be a New Jersey S Corporation must file a "New Jersey S Corporation Election" (Form CBT-2553) within one calendar month subsequent to the Federal S Corporation filing requirement.
- (3) Every corporation which incorporates, qualifies or otherwise acquires a taxable status in New Jersey and which has adopted a fiscal year other than December 31, shall advise the Division of Taxation promptly of the date of such accounting period. If no such advice is received on or before April 15, 1996, the taxpayer will be deemed "delinquent" if no return is filed on or before April 15, 1996.

- 4. (a) PAYMENT OF TAX: Make remittance payable to "State of New Jersey - CBT" and forward with return to Division of Taxation - Corporation Tax, CN 666, Trenton, N.J. 08646-0666. MAKE OUT A SEPARATE REMITTANCE FOR EACH TAX RETURN (CBT-100) OR ESTIMATED PAYMENT VOUCHER (CBT-150) SUBMITTED. Do not remit the tax for two or more returns in one check. Indicate the taxpayer's Federal Employer Identification Number on each remittance.
  - (b) All corporations are required to make installment payments of estimated tax. Generally, these payments are remitted with the form CBT-150. Refer to Instruction 38 for further information.
- 5. ELECTRONIC FUNDS TRANSFERS: The Division of Taxation has established procedures to allow the remittance of tax payments through Electronic Funds Transfer (EFT). Taxpayers with a prior year's liability of \$50,000 or more in any one tax are required to remit all tax payments using EFT. If you have any questions concerning the EFT program, call (609) 984-9830 or write to N.J. Division of Taxation, EFT Section, CN-191, Trenton, N.J. 08646-0191.
- 6. PERSONAL LIABILITY OF OFFICERS AND DIRECTORS: Any officer or director of any corporation who shall distribute or cause to be distributed any assets in dissolution or liquidation to the stockholders without having first paid all corporation franchise taxes, fees, penalties and interest imposed upon said corporation, in accordance with N.J.S.A. 14A:6-12, N.J.S.A. 54:50-18 and other applicable provisions of law, shall be personally liable for said unpaid taxes, fees, penalties and interest. Compliance with N.J.S.A 54:50-13 is also required in the case of certain mergers, consolidations and dissolutions.

# 7. EXTENSION OF TIME TO FILE RETURN:

- (a) The Division of Taxation will grant an automatic extension of six (6) months for filing the final Corporation Business Tax Return, except for banking and financial business corporations where extensions are limited to five (5) months. No extensions will be granted unless requested on tentative return form CBT-200T which must be postmarked on or before the original due date for filing the return. The Tentative Return must show the full name, address, Federal Employer Identification Number, N.J. Corporation Number, the tax liability, and must be submitted with payment for the total amount due.
- (b) In general, the extended period may not exceed six (6) months from the original due date of the return.

#### (c) PENALTIES AND INTEREST

- (1) Interest The annual interest rate is 3% above the average predominant prime rate. Interest is imposed each month or fraction thereof on the unpaid balance of tax from the original due date to the date of payment. At the end of each calendar year, any tax, penalties and interest remaining due will become part of the balance on which interest will be charged.
  - NOTE: The average predominant prime rate is the rate as determined by the Board of Governors of the Federal Reserve System, quoted by commercial banks to large businesses on December 1st of the calendar year immediately preceding the calendar year in which payment was due or as redetermined by the Director in accordance with N.J.S.A. 54:48-2. The prime rates are published in the quarterly issues of the New Jersey State Tax News.
- (2) Insufficiency Penalty If the amount paid with the Tentative Return, Form CBT-200T, is less than 90% of the tax liability computed on Form CBT-100, or in the case of a taxpayer whose preceding return covered a full 12 month period, is less than the amount of the tax computed at the rates applicable to the current accounting year but on the basis of the facts shown and the law applicable to the preceding accounting year, the taxpayer may be liable for a penalty of 5% per month or fraction thereof on the amount of underpayment from the original due date to the date of actual payment.

16. SCHEDULE A - COMPUTATION OF ENTIRE NET INCOME: Every taxpayer must complete this schedule on the form provided. In lieu of completing lines 1 to 28, taxpayers (except for Former DISC's, Interest Charge DISC's, Federal S Corporations or Foreign Sales Corporations) may submit a copy of the corresponding Federal Income Tax return. See Instruction 25. For New Jersey tax purposes each such corporation will be taxed on the basis of its entire net income in the same manner and to the same extent as if no federal income tax election were permissible or had been made. Refer to Instruction 8.

#### (a) GENERAL:

- (1) Where the corporation has filed a Federal Income Tax Return on its own separate basis, the figures shown at lines 1 to 28 must be the same as lines 1 to 28 on page 1, Federal Income Tax Return, Form 1120.
- (2) Where the corporation has not filed a separate Federal Income Tax Return, or where the figures shown at lines 1 to 28 are not the same as lines 1 to 28 on page 1 of the Federal Income Tax Return, taxpayer must explain and reconcile on rider.

- 3 -

- profits or income, or business presence or business activity, taken as a deduction in Schedule A and reflected in line 28.
- (g) Line 32: Enter the depreciation and other adjustments from Schedule S (See Instruction 35).
- (h) Line 33(a): DEDUCTION FOR FOREIGN TAXES PAID, WITHHELD, OR DEEMED PAID: Taxes actually paid to or withheld by a foreign country and claimed as a credit on the Federal Income Tax Return may be deducted only to the extent that the related income is included in entire net income on line 38. Any such taxes appearing as a deduction in arriving at line 28, entire net income before special deductions or net operating loss deduction, on the Federal Income Tax Return must be adjusted to the extent that they relate to dividends excluded from line 38. Attach a copy of the Federal Foreign Tax Credit Form 1118.

The portion of any Section 78 gross-up included in dividend income on line 4, Schedule A that is not excluded from entire net income on line 38, may be treated as a deduction for foreign taxes.

Lines 33(b) and (c): Use these lines to report amounts of (1) adjustments not otherwise specifically provided for and (2) gross income, less deductions and expenses in connection therewith, from sources outside the United Sates, not included in Federal taxable income. Attach separate riders explaining fully such items.

Line 33 (d): Enter the net effect of the elimination of nonoperational activity from Schedule O, Part I, line 36.

- (i) Line 35: A net operating loss for any taxable year ending after June 30, 1984 may be carried forward as a net operating loss deduction to a succeeding year. A net operating loss is the excess of allowable deductions over gross income used in computing entire net income. Neither a net operating loss deduction nor the dividend exclusion is an allowable deduction in computing a net operating loss. The statute authorizes a carryover of the deduction for seven years. Schedule A-1 must be completed if the net operating loss deduction is taken. See Instruction 17.
- (j) Line 37: Dividends from all sources must be included in Schedule A. However, an exclusion from entire net income for certain dividend income may be taken as indicated in Schedule R. Taxpayer may not include money market fund income as part of the dividend exclusion.
- (k) RIGHT OF DIRECTOR TO CORRECT DISTORTIONS OF NET INCOME: The Director is authorized to adjust and redetermine items of gross receipts and expenses as may be necessary to make a fair and reasonable determination of tax payable under the Corporation Business Tax Act. For details regarding the conditions under which this authority may be exercised, refer to regulation N.J.A.C. 18:7-5.10.
- 17. SCHEDULE A-1 NET OPERATING LOSS DEDUCTION AND CARRYOVER: Complete this schedule only if a net operating loss has been carried forward from a previous tax year and claimed as a deduction on the current year's return. Use lines 1 through 7, columns 1 through 4 to compute the net operating loss from a previous tax year or years. Determine the amount of the net operating loss by adding back to the loss reported on Schedule A, line 28, all New Jersey adjustments except for the dividend exclusion for that tax year. Use lines 8 through 14 in columns 1 and 4 to report for each year a net operating loss deduction is taken, the amount of the previous year's net operating loss used to offset entire net income before the dividend exclusion. The net amount reported on line 15 represents the unused net operating loss carryover available for future use.
- 18. SCHEDULE A-2 COST OF GOODS SOLD: The amounts reported on this schedule must be the same as the amounts reported on the taxpayer's Federal income tax return.
- 19. SCHEDULE A-3 SUMMARY OF TAX CREDITS: This schedule must be completed if one or more tax credits are claimed for the current tax period. The total on line 8 must equal the amount reported on page 1, line 12. Refer to instruction 37 for tax credit information.
- SCHEDULE B BALANCE SHEET: Every taxpayer must complete this schedule. The amounts reported must be the same as the year

5.15

end figures shown on the taxpayer's books. A taxpayer who is included in a consolidated Federal income tax return must complete this schedule on its own separate basis.

# 21. SCHEDULE C - RECONCILIATION OF INCOME PER BOOKS WITH INCOME PER RETURN and SCHEDULE C-1 - ANALYSIS OF UNAPPROPRIATED RETAINED EARNINGS PER BOOKS:

- (a) Every corporation must complete these schedules or submit legible copies of Schedules M-1 and M-2 from their unconsolidated Federal Form 1120. For requirements relating to reproduction of Federal tax schedules, see Instruction 25.
- (b) Line 8 of Schedule M-2 must correspond with the unappropriated retained earnings reported for the end of the tax year on Schedule B.
- 22. SCHEDULE E GENERAL INFORMATION: All taxpayers must answer all questions on this schedule. In addition, riders must be submitted where necessary in answering the questions.
- 23. SCHEDULE F INTEREST EXPENSE: Interest paid or accrued on indebtedness to stockholders or related creditors which was deducted in computing taxable net income on line 28 of Schedule A must be reported on Schedule F. Enter the total of such interest expense, less the statutory reduction of 10% or \$1,000, whichever is greater, on line 30 of Schedule A.
  - (a) Include interest paid or accrued on indebtedness owing directly or indirectly to holders of 10% or more of the aggregate outstanding shares of the taxpayer's capital stock of all classes including debts owed to corporate stockholders as well as to individual stockholders. For the purpose of determining the degree of stock ownership of a corporate creditor, the shares of the taxpayer's capital stock held by all corporations bearing the relationship of parent, subsidiary or affiliate of the corporate creditor shall not be aggregated.
  - (b) Include interest paid or accrued on indebtedness owed directly or indirectly to any stockholder or shareholder and to members of his immediate family where a stockholder and members of his immediate family together or in the aggregate own or beneficially own 10% or more of the aggregate outstanding shares of the taxpayer's capital stock of all classes. "Immediate family" shall include every person in a collective body of persons living together in one household in a permanent and domestic character under one head or management.
  - (c) Where any interest paid or accrued on indebtedness owed directly or indirectly to holders of 10% or more of the aggregate outstanding shares of the taxpayer's capital stock of all classes relates to bonds or other evidence of indebtedness issued, with stock, pursuant to a bona fide plan of reorganization to persons, who prior to such reorganization, were bona fide creditors of the corporation or its predecessors, but who were not stockholders or shareholders thereof, such interest is deductible in full.
  - (d) Interest paid or accrued on indebtedness which is a result of a bona fide financing of motor vehicle inventory held for sale to customers, which financing is provided by a taxpayer customarily and routinely providing for this type of financing, is not to be included at Column 5, Schedule F. This exclusion is limited to interest paid on indebtedness relating to floor-planning of motor vehicles evidenced by a trust receipt or similar document and only with respect to unsold motor vehicles. The indebtedness must be owing directly to a creditor which is a taxpayer and not indirectly through a related or affiliated entity. The taxpayer, or a corporation which is a parent or subsidiary of the taxpayer, must be the manufacturer of the motor vehicle financed.
  - (e) In the case of Financial Business Corporations which are funded through debt from affiliated corporations, the interest paid or accrued on such debt is deductible in full provided that the interest rate does not exceed 2% over the prime rate to be determined by the Commissioner of Banking.
  - (f) In the case of Banking corporations, interest is deductible in full to the extent it relates to indebtedness to a bank holding company, of which the banking corporation is a subsidiary, or to indebtedness to another banking corporation with respect to federal funds transactions overned by Section 23A of the Federal Reserve Act, (12 U.S.C. § 371c.) when both banking corporations are subsidiaries of the same bank holding company as defined in 12 U.S.C. § 1841.

#### 24. SCHEDULE H - TAXES:

- (a) Itemize all taxes which were in any way deducted in arriving at taxable net income, whether reflected at line 2 (Cost of goods sold and/or operations), line 17 (Taxes), line 26 (Other deductions) or anywhere on Schedule A.
- (b) Foreign taxes taken as a credit for Federal Income Tax purposes should be shown at line (f), column 4 of this schedule and separately identified on Schedule C. See also Instruction 16(h).

### 25. OPTIONAL COPIES OF SCHEDULES A, C, AND C-1:

Any taxpayer who files an unconsolidated Federal Form 1120 with the Internal Revenue Service may submit copies of page 1 and Schedules M-1 and M-2 of that return in lieu of completing lines 1 to 28 of Schedule A and Schedules C and C-1 of the CBT-100. Such copies or reproductions must be facsimiles of the complete schedules, they must be of good legibility and on paper of substantially the same weight and texture, and of a quality at least as good as that used in the official form, CBT-100. They must also be of the same size as that of the official schedules, both as to the overall dimensions of the paper and the image reproduced thereon.

Separate pages must be fastened together in order and must be attached to the return form. The taxpayer's full name and identifying number must be typed or printed on each reproduced page or copy.

# 26. SCHEDULE J PART I - GENERAL INSTRUCTIONS REGARDING ALLOCATION OF ADJUSTED ENTIRE NET INCOME:

- (a) WHO IS PERMITTED TO ALLOCATE: No domestic or foreign corporation is permitted to allocate less than 100% of its adjusted entire net income to New Jersey, unless, during the period covered by the return, it actually maintained a regular place of business outside of New Jersey other than a statutory office.
- (b) DEFINITION OF REGULAR PLACE OF BUSINESS: A "regular place of business" is any bona fide office (other than a statutory office), factory, warehouse, or other space of the taxpayer which is regularly MAINTAINED, OCCUPIED and USED by the taxpayer in carrying on its business and in which one or more regular employees are in attendance. To maintain a place of business, the taxpayer must either own or rent the premises. That cost must be borne directly by the taxpayer and not by some related entity or person.
- (c) ALLOCATION PERCENTAGES: In computing the allocation factor in Schedule J, division must be carried to six decimal places, e.g., .123456.
- (d) ELECTION TO ALLOCATE: If the taxpayer is entitled to allocate, the election should be made with the filing of the Corporation Business Tax return regardless of the amount of income reported on line 38 of Schedule A. Schedule J must be completed to validate the election
- (e) Only the receipts, property and payroll expenses attributable to operational activity are to be used in computing the allocation factor denominators.
- 27. SCHEDULE J PART II AVERAGE VALUES: Average value is generally computed on a quarterly basis where the taxpayer's accounting practice permits such computation. At the option of the taxpayer or the State, a more frequent basis (monthly, weekly or daily) may be used. Where the taxpayer's accounting practice does not permit computation of average value on a quarterly or more frequent basis, semi-annual or annual frequency may be used only where no distortion of average value results. If any basis other than quarterly is used, state the basis and reasons for use thereof on a rider.

The average values of real and tangible personal property owned which are used in determining the property fraction of the allocation factor are based on book value. The numerator and denominator must take into account accumulated depreciation deferred for net income purposes where the taxpayer accounts for its property on its books on a Federal income tax basis. Rented or leased property is valued at eight times its annual rent, including any amounts (such as taxes) paid or accrued in addition to or in lieu of rent during the period covered by the return. All other property which is used by the taxpayer but is neither owned, rented or leased, should be valued at book value, however, if no such book value exists, the market value of the property should be used.

- 28. SCHEDULE J PART III ALLOCATION FACTOR: This schedule may be omitted if the taxpayer does not maintain a regular place of business outside this State other than a statutory office, in which case the tax law requires the allocation factor to be 100%.
  - (a) However, if the allocation factor is 100% but the taxpayer in fact pays tax to another state based on or measured by income which is included on Schedule A of this return, it may compute a reduction in its N.J. Corporation Business Tax under certain conditions. Refer to N.J.A.C. 18:7-8.3 for eligibility and the method of computing such reduction. A copy of this regulation can be obtained from the Forms Distribution Section which can be contacted by following the instructions on the bottom of page 8.
  - (b) LINE 1 PROPERTY FRACTION: For general information regarding method of valuation in arriving at average values, see Instruction 27. Tangible personal property is within New Jersey if and so long as it is physically situated or located here. Property of the taxpayer held in New Jersey by an agent, consignee or factor is (and property held outside New Jersey by an agent, consignee or factor is not) situated or located within New Jersey. Property, while in transit from a point outside New Jersey to a point in New Jersey or vice versa does not have a fixed situs either within or outside the State and, therefore, will not be deemed to be "situated" or "located" either within or outside New Jersey and accordingly the average value of such property should be omitted from both the numerator and the denominator of the property fraction. Ships, aircraft, satellites used in the communications industry, and other mobile or movable property are subject to the specific rules defined in N.J.A.C. 18:7-8.4.
  - (c) LINE 2(a) ALLOCATION OF RECEIPTS: Receipts from sales of tangible personal property are allocated to New Jersey where the goods are shipped to points within New Jersey.

Receipts from the sale of goods are allocable to New Jersey if shipped to a New Jersey or a non-New Jersey customer where possession is transferred in New Jersey. Receipts from the sale of goods shipped to a taxpayer from outside of New Jersey to a New Jersey customer by a common carrier are allocable to New Jersey. Receipts from the sale of goods shipped from outside of New Jersey to a New Jersey location where the goods are picked up by a common carrier and transported to a customer outside of New Jersey are not allocable to New Jersey.

Receipts from the following are allocable to New Jersey: services performed in New Jersey; rentals from property situated in New Jersey; royalties from the use in New Jersey of patents or copyrights; all other business receipts earned in New Jersey.

### (d) LINES 2(e) and 2(g)

- (1) RECEIPTS FROM SALES OF CAPITAL ASSETS: Receipts from sales of capital assets (property not held by the taxpayer for sale to customers in the regular course of business), either within or outside New Jersey, should be included in the numerator and the denominator based upon the net gain recognized and not upon gross selling prices. Where the taxpayer's business is the buying and selling of real estate or the buying and selling of securities for trading purposes, gross receipts from the sale of such assets should be included in the numerator and the denominator of the receipts fraction.
- (2) **DIVIDEND INCOME:** The amount of dividends excluded from entire net income at line 38, Schedule A, must not be included in the numerator or denominator of the receipts fraction.
- (e) LINE 3 PAYROLL FRACTION: In general, a taxpayer reporting to the Division of Employment Security in the New Jersey Department of Labor will allocate to New Jersey all wages, salaries and other personal service compensation, etc., reportable to that Division, including the portions thereof, in individual cases, in excess of taxable wages. All executive salaries are includible in both the numerator and denominator. See N.J.S.A. 54:10A-7 for the definition of wages, salaries and other personal services compensation allocable to New Jersey.

- (f) ALLOCATION FRACTIONS GENERAL: The allocation factor is computed by adding together the percentages shown at lines 1(c), 2(h) and 3(c) of Schedule J, Part III for the period covered by the return, and dividing the total of the percentages by three (3). However, if one of the fractions (property, receipts or payroll) is missing, the other two percentages are added and the sum is divided by two, and if two of the fractions are missing, the remaining percentage may be used as the allocation factor. A fraction is not missing merely because its numerator is zero, but is missing if its denominator is zero.
  - (1) If there is a declaration of nonoperational income, expenses, or assets from Schedule O, those items attributable to the nonoperational activity should be excluded from the denominator of all three fractions of the allocation factor.

- 34. With respect to other dividends, the exclusion shall be limited to 50% of such dividends included in the taxpayer's gross income on Schedule A. Such investment has the benefit of allowing a tax credit computation for the tax year in which the investment was made as well as each of the following two tax years. The tax credit computation for the first year is based on the cost of the qualified manufacturing equipment placed in service in New Jersey during that tax year. The computations for the two following tax years are based on the average increase in New Jersey residents employed in New Jersey subject to a limitation based on the cost of the investment made in the first year.

The manufacturing equipment portion is limited to 2% of the investment credit base of qualified equipment placed in service in the tax year, up to a maximum allowed credit for the tax year of \$1,000,000. The employment investment portion is valid for each of the two tax years next succeeding the tax year for which the manufacturing equipment credit is allowed, but is limited to 3% of the investment credit base, not to exceed a maximum allowable amount for each of the two tax years of \$1,000 multiplied by the increase in the average number of qualified employees.

To claim this credit, the taxpayer must complete Form 305 and attach it to the tax return. This form and related information may be obtained from the Forms Distribution Section which can be contacted by following the instructions on the bottom of page 8.

(f) RESEARCH AND DEVELOPMENT TAX CREDIT: A taxpayer who has performed qualified research activities in New Jersey may be eligible to claim the Research and Development Tax Credit. Qualified research is limited to scientific experimentation or engineering activities designed to aid in the development of a new or improved product, process, technique, formula, invention, or computer software programs held for sale, lease, or license, or used

by the taxpayer in a trade or business. For in-house research expenses (see Section 41(b)(2) of the Internal Revenue Code), this trade or business requirement will be met if the taxpayer's principal purpose for conducting the research is to use the results of the research in the active conduct of a future trade or business (see Section 41(b)(4) of the Internal Revenue Code).

The credit may be taken for expenditures attributed to authorized plans approved after January 1, 1994. Taxpayers subject to more than one tax for which the credit can be applied must prorate the credit amount available based on the amount that each liability has to the total of the liabilities in the reporting period.

The ride share credit is equal to 5% (for accounting periods beginning on or after January 1, 1994 through December 31, 1994 and 10% thereafter through December 31, 2004) of the cost of commuter transportation benefits provided during the reporting period. The maximum calculation equals the per employee limit (\$36 for accounting periods beginning on and after January 1, 1994 but before January 1, 1995, and \$72 for those periods thereafter) multiplied by the number of participating employees. The per employee limit will be adjusted in subsequent periods in proportion to the consumer price index.

These payments are to be made on form CBT-150 and are due on or before the 15th day of the 4th, 6th, 9th and 12th months of the tax year. Interest - The annual interest rate is 3% above the average predominant prime rate. Interest is imposed each month or fraction thereof on the unpaid balance of tax from the original due date to the date of payment. At the end of each calendar year, any tax, penalties and interest remaining due will become part of the balance on which interest will be charged.

**NOTE:** The average predominant prime rate is the rate as determined by the Board of Governors of the Federal Reserve System, quoted by commercial banks to large businesses on December 1st of the calendar

year immediately preceding the calendar year in which payment was due or as redetermined by the Director in accordance with N.J.S.A. 54:48-2. The applicable prime rates are published in the quarterly issues of the New Jersey State Tax News.

Civil Fraud - If any part of an assessment is due to civil fraud, there shall be added to the tax an amount equal to 50% of the assessment in accordance with N.J.S.A. 54:49-9.1.

41. UNDERPAYMENT OF ESTIMATED TAX: The form CBT-160 must be used by taxpayers to determine whether an underpayment exists in any of the installment payment periods or if the corporation is subject to an interest charge, and if so, the amount of interest. If the taxpayer qualifies for any of the exceptions to the imposition of interest for any of the installment payments, Part II must be completed and should be filed with the taxpayer's return, form CBT-100, as evidence of such exception.
